

Entry Form
MRA Innovation Award

The Award

The Marine Recreation Association (MRA) will award up to four MRA Innovation Awards. This award honors advancements in the recreational marina and boatyard industry, recognizing companies, organizations and individuals who have contributed technology and services in a way that materially affects the industry. The award is applicable for new advancements, as well as historical advancements to honor contributions to the marine industry. Companies that provide products and/or services are all encouraged to apply.

Eligibility

There are no time constraints on when the innovation was introduced. The technology or service can either be retroactive or contemporary. Submissions should include a one-page summary describing the innovation, its origin, initial application and a statement describing its significance for the design, construction, operation, or maintenance of docks and/or marinas. In addition, documents supporting the innovation (reports, testimonials, photos) are not necessary but highly preferable.

Deadlines

The deadline for submissions is October 1, 2019. From there, the awards committee will determine the candidates for which the board to vote upon. The awards will be presented on October 22, 2019 at the Marina Recreation Association's 48th Annual Educational Conference and Trade Show held at the Hilton La Jolla Torrey Pines in San Diego, CA.

Submission (*Attach this page to your entry.*)

Name (of person submitting) _____

Company Name _____

Street Address _____

E-Mail _____ Phone _____

Description (***one sentence***)

Attach the one-page summary, along with supporting documents.
