For Immediate Release

Marine Recreation Association Innovation Award Submissions Due October 1, 2017

Submissions for the 2017 MRA Innovation Award are still being accepted by the Marine Recreation Association. This award honors advancements in the recreational marina and boatyard industry, recognizing companies, organizations and individuals who have contributed technology and services in a way that materially affects the industry. The award is applicable for new advancements, as well as historical advancements to honor contributions to the marine industry. Companies that provide products and/or services are all encouraged to apply. There can be up to four recipients of the award based on nominations.

The deadline for submissions is October 1, 2017.

An entry form for the MRA Innovation Award can be found [here](#).

The vodka itself starts with gluten-free wheat milled in Northeastern France and spring water sourced from the French Alps. It's distilled five times and filtered through charcoal columns, and the result is a light, crisp tasting, gluten-free vodka with a hint of Elderflower at the finish. It's a trophy inside and outside worthy of MRA innovators!

The winner(s) will be announced during the Marine Recreation Association's 46th Annual Educational Conference and Trade Show, held October 23-25, 2017 at the Hyatt Regency Monterey Hotel & Spa in Monterey, California.
